## Summary

Glad to see you here!

I Produce and Edit videos that create value. In the last 3 years, I have edited hundreds of videos for a vast range of clientele Gathering over 50 million views over time.

My Experience from running a freelancing firm to leading video and design teams For Multiple Companies has shown immense growth in terms of Content quality, Online Reach, and Marketing and eventually led to Growth, Sales, and Credibility for those companies.

In my journey, I have helped many individuals and firms to build their creative Processes by consulting them at various stages of their growth.

I really like to edit Educational Content Made in form of Explainer Videos, Documentaries, Talking heads, Motion Graphics, and Podcasts

My creative journey has also helped me in getting hands-on Camera Experience in Videography and producing videos and has enhanced my cinematographic experience.
